---

SCOTT LYKE, DMD | JAIMIE LYKE, DMD

Dear Valued Patients,

The health and safety of our patients, staff, and community is our number one priority. While we always practice the most immaculate universal precautions with regard to our sanitation, disinfection, and sterilization we are taking EXTRA precautions at this time.

At this point in time we ask that only appointed patients come to the office. We ask that any drivers, spouses, siblings, etc stay in the vehicle. When you arrive at the office for your appointment please call or text to let us know you are here. We are trying to limit the amount of people in our reception area at this time.

Anyone that is experiencing flu-like symptoms, has recently traveled out of the country or state, or has had known contact with a person that has a confirmed case of COVID-19 will need to reschedule their appointment.

As of today, at the recommendation of the American Dental Association we are suspending all preventive care for three weeks. During this time, we will be seeing patients on an emergency basis only. Our practice will maintain limited hours at this time.

We will continue to monitor this ever-changing situation and will update our patients as things change. We thank you for your patience and understanding as we work through this uncharted territory together.

Sincerely,

Dr. Lyke and Team
